Ref: Your Research collaboration letter.

Dear Dr. K. Venkata Rao,

I am impressed after visiting your research laboratory, especially the well-established cleanroom facility and research work.

It is pleased to welcome you for research collaboration in mutual interests.

You can send your research scholars to carry out research work at the Department of Physics, RTMNU as, and when required, however, we can provide access to high-temperature furnaces, and a few measurement units such as FTIR, XRD, SEM with EDAX, and particle size analyzer.

In this view, I am interested in collaborating in this regard.

Thank you for your interest, which has a good time ahead.

Sincerely yours,

(Prof. S.J. Dhoble)
