

Our institution's core motto is to provide education infused with strong ethical values, fostering the comprehensive development of our students. We take immense pride in being a leading educational establishment that is dedicated to empowering rural women and underprivileged students in the Kadapa District. Our faculty comprises highly qualified, devoted, and respected educators who are wholeheartedly committed to realizing the vision and mission of our institution.

Established in 1981 and affiliated with Y.V University Kadapa, we have consistently focused on catering to the diverse educational needs of students from disadvantaged backgrounds. Embracing Information and Communication Technology (ICT) and innovative teaching techniques, we ensure the highest standards in teaching, learning, and research in higher education. This modern approach nurtures creativity and critical thinking among our students, preparing them for the dynamic challenges of the world.

Central to our commitment to student development is our Job Knowledge Center (JKC), playing a vital role in enhancing communication, soft skills, and technical abilities, significantly improving their employability. Through JKC-driven campus drives, several of our students have secured placements in esteemed companies such as Hetero Drug Company and Vinitha Enterprises. In 2021 alone, ten students found employment through this initiative.

Our dedication to empowering students from socially diverse backgrounds with quality education remains steadfast. We strive to create a nurturing and inclusive learning environment, instilling strong values and academic excellence, thereby empowering our students to positively impact society.
